Datasheet 06.004 / Technical Information 09.2022

OFFICE

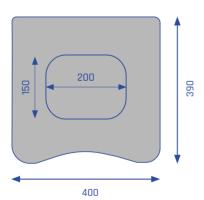

Single bin Elegance 1

Description: Wall-type version made of nickelfree stainless steel, with inwardly curved front, flat top and straight back (made of galvanised steel). Recommended for indoor use.

Safety: The container has zero fire load. A potential fire is contained by the reduced opening and the metal inner container.

Handling: Quick and easy removal of the waste bag from above. The top part of the bin automatically swivels upwards by means of a gas spring after operating the lock (1/4 turn). The contents are now visible and the waste bag can be replaced as required.
