OFFICE

Floor-standing wastebasket SB4

Description: Self-supporting, curved fronts and flat side panels made of galvanized steel provide great stability. The various sizes of the openings were particularly designed for the use in office spaces. Even pizza-boxes will fit and can be collected in a space-saving manner.

Safety: The container has zero fire load. A potential fire is contained by the reduced opening and the metal inner container.

Handling: Open the door, pull out the inner liner. The contents are now visible and the waste bags can be replaced as required. The snap magnet allows opening of the container without the use of a key.
